

D-TECH DB-5082 Portable Scanner

The DB-5082 Cordless CCD scanner with direct operational workplace wireless range has tremendous performance at a remarkably low price.

The DB-5082 also supports a **remote data collection** feature for **stocktaking**, is supplied with a USB HID plug and play transponder. The DB-5082 is ideal for offices and libraries. No cable clutter.

Cordless

The DB-5082 scanner main boards and scan engines are covered by a **1-year Return to Base replacement Wty. Li-ion Wty 6 months.**

D-Tech DB-5082 cordless CCD scanner with rechargeable Li-ion battery & USB HID Dongle. \$242.00 incl GST. plus P&P

NEXA NC-1200 CCD Scanner

The Nexa NC-1200 USB linear image scanner is a competition leader for value in its class, with affordability, versatility and style. The exceptionally comfortable design when accompanied with the easily adjustable hands free desk stand completes the finishing touch. In presentation mode the NC-1200's high-resolution ultra fast system beats the field.

When installed on the desktop for **HANDS FREE** scanning the NC-1200 is great for use in libraries. All the above supplied with **3-year Return to Base replacement warranty.** (USB Cables 1 year Wty)

NEXA NC-1200 CCD scanner. \$176.00 incl GST. Hands free stand. \$ included.

NEXA CM-520M Portable CCD Scanner for Asset & Stock Collections

Economy Portable

Powered by its own internal Li-ion battery, the personal portable CM-520M CCD scanner can be carried to any location where stocktaking or asset data collecting needs to be undertaken. The internal 4MB non-volatile memory is capable of storing in excess of 10,000 average length UPC or library/asset bar codes for downloading to the host device when required (Optionally with time and date of each scan if required).

Time and Date stamping (obligatory for true audits) is optional and user selectable, data downloading is via the USB HID cable, battery recharging is also via the USB port.

When not required for portable data collection operation the CM-520M can be attached to the host computer with the supplied USB HID cable and operated as a **light duty use** desk top bar code reader for data access or library loans and returns.

CM-520M CCD Portable with USB HID I/F cable. \$297.00 incl GST + P&P

CM-500W3 CCD BT Portable for use with iPad/iPod. \$341.00 incl GST + P&P

Now supplied with protective silicon rubber boot. (Available separately as accessory).

NEXA NL-1950 BT Wireless Portable Barcode Scanner and data collector

Most Popular

The **NEXA Base Station** attaches to the PC via USB cable connection (not illustrated) and acts as bluetooth wireless communicator plus lithium Ion battery charger. When parked in the cradle the NL-1950 acts as a presentation scanner.

The NL-1950 barcode hand scanner can be freely detached from the Base Station and used remotely up to 90 meters line of sight from the base PC.

Should data collection be required beyond the specified 90-meter wireless range, the NL-1950 can be easily instructed to operate in **batch collection mode** for stocktaking. All the scanned barcodes are then stored within non-volatile memory to be downloaded to the PC or Mac later.

NEXA NL-1950 CCD with Base Station, cables, rechargeable Li-ion battery and power adapter for USB connection to the PC. \$495.00 incl GST plus P&P

3 year Return to Base warranty. (USB Cables 3 Months Wty, Battery 6 Months Wty)

Cipher 1000 / 1070 CCD Scanners

The economical Cipher Lab 1000/1070 touch scanners give high performance at very affordable prices. All of the major bar code symbologies are fully supported. The Cipher Lab scanners have revolutionary optics and features that make the toughest barcodes a child's play. All in **Black**.

The Cipher Lab 1000/1070 scanner main boards and scan engines are covered by Cipher's **return to base Warranty**.

Cipher 1070 3 Yr Wty \$110.00 incl GST.

Cipher 1000 5 Yr Wty \$137.50 incl GST.

Additional Postage & Packaging cost apply.

Cipher 1500 Tethered CCD Scanner

The Cipher Lab 1500 speedy scanner raises the standard for performance, style, and affordability. An incredibly comfortable design the optional smart three-way scanner stand makes good sense, is easily adjustable and good looking. The stand can work on a vertical surface, on the desktop or elevated for **HANDS FREE** auto-sense scanning in the workplace making it ideal for use in libraries.

5 year return to base Warranty. (USB Cables 3 Months Wty)

Cipher 1500 with Auto Sense Stand & USB HID I/F cable.

\$220.00 incl GST. plus P&P

Cipher 1660-1663-BT Portable CCD Scanner for Stock & Asset Collections

Powered by 2 **AAA** Alkaline or 2 **AAA** rechargeable NiMH cells (Alkaline Batteries Included), the **cordless** Cipher 1660 series when set for **batch collection mode** *can be taken to any remote location* where stocktaking or data recording is required. The built-in 256-Kb of non-volatile memory is able to store over 15000 average asset or library bar codes for subsequent downloading to the host device when needed.

When not required for portable data collection operation the Cipher 166#s can be used as a personal desktop bar code reader for general loans and returns. When set as a conventional reader the **plug and play** Cipher 3610 USB Bluetooth transponder allows scanning to be comfortably undertaken anywhere within 10 meters of the PC or Mac.

CIPHER 1660 CCD Portable Scanner & Transponder. \$396.00 incl GST + P&P

CIPHER 1661 CCD Portable Scanner & Transponder. \$418.00 incl GST + P&P

CIPHER 1663 CCD Portable Scanner for iPad/iPod. \$418.00 incl GST + P&P

Models 1661 & 1663 includes rechargeable batteries etc. All 1 year return to base Warranty.

Cipher 1560/1562 BT Wireless Portable Barcode Scanner and collector

The **Heavy Duty Base Station** is connected to the PC via USB cable connection (not shown) and acts as bluetooth wireless communicator plus lithium Ion battery charger.

The 1560/1562-barcode-reader hand piece can be freely removed from the Base Station and used remotely up to 90 meters line of sight from the base PC.

When usage is required beyond the specified 90-meter wireless range, the 1560/1562's can be easily instructed to operate in **batch collection mode**. All the scanned barcodes are then stored within non-volatile memory to be downloaded to the PC or Mac later.

CIPHER 1560P CCD complete with Heavy Duty Base Station, battery charger, batteries and power transformer for USB connection to the PC. \$473.00 incl GST plus P&P

CIPHER 1562P (Laser Version) with H.D. Base. \$660.00 incl GST plus P&P

3 year return to base Warranty. (USB Cables 3 Months Wty)

Did you know that several 1560 / 1562 bar code readers are able to share the same base station?

NEXA NC-1250 Wireless Barcode Scanner

Featuring an incredible battery life of up to 50,000 scans per charge the NC-1250 is the ultimate in hassle free cordless barcode scanning with an exceptionally good up to 90/100-meter LOS wireless range of operation.

The NC-1250 can go for days, weeks or even months on a single charge and then even if the battery does run low it can continue to be operated while being recharged. Computer installation is just a plug and play arrangement, simply plug in the supplied USB receiver (dongle) and the NC-1250 is ready to scan.

While the NC-1250 does not incorporate a data memory collection capacity it can still be used for real-time library stocktaking when operated within wireless range.

Supplied with **3-year Return to Base warranty.**

NEXA NC-1250 cordless CCD scanner with rechargeable Li-ion battery & USB HID Dongle. \$297.00 incl GST plus P&P

Cable Free

NEXA IG-610 1D/2D Area Imager Bar Code Laser Scanner

Area Imaging

The NEXA IG-610 1D/2D laser spot scanner would be one of the easiest and most convenient to use scanners currently available. The IG-610 can be used to scan conventional bar codes as used in libraries and for assets as well as the NEW two-dimensional QR code and PDF417 bar codes,

Featuring Motorola's latest advanced scan engine technology the NEXA IG-610 is representative of the NEW direction in bar code readers. Area Image scanning reduces the need to accurately align the scanning beam with the bar code making the task of reading bar codes more like point and shoot, this makes scanning bar codes faster and more convenient. Installation is straightforward HID Plug & Play.

Supplied with **3-year Return to Base warranty.**

NEXA IG-610 1D/2D Area Image Scanner with USB I/F
Optional Hands Free Stand

\$297.00 incl GST plus P&P
\$55.00 incl GST.

NEXA LS6150 Hands Free Laser Scanner

Hands Free

The Nexa LS6150 Laser scanner represents the best value Laser Scanner on the market today. The exceptionally classy design with the easily adjustable and stylish looking hands free desk stand completes the package. The LS6150's first class bar code auto detection system makes scanning a breeze for all users whether students or adults. (Ideal for young hands.)

When installed on the desktop for **HANDS FREE** scanning the LS6150 is ideal for use on the loans and returns desk in any library. All the above supplied with **3-year Return to Base replacement Warranty.** (USB Cables 1 year Wty)

NEXA LS6150 Laser scanner.
Hands free stand.

\$121.00 incl GST.

Hands free stand.

\$121.00 incl GST.

\$ included

NEXA BL-8040 Omnidirectional Desktop Scanner

Nexa's new bench top laser scanner utilises 20 omnidirectional scan lines to facilitate quick and easy hands free scanning.

This is the same type of scanner that can be found being used in various point of sale locations like service stations and small supermarkets to process items quickly and accurately. The omnidirectional placement of the scan lines eliminates the requirement to align the bar code with a single specific beam, and results in faster and easier processing.

All the above supplied with **2-year Return to Base replacement Warranty**. (USB Cables 1 year Wty)

NEXA BL-8040 with USB I/F \$297.00 incl GST plus P&P
